# WMO & WE

Altruistic attitude of the Memon's trait gave birth to Philanthropy and paved way to our beautiful organization i.e. WORLD MEMON ORGANIZATION that was incorporated in the year 2014 and registered under Section 8 of the Companies Act, 2013, working with Charitable Objectives. It is a Non-Profit Organization with the ultimate Aim of uplifting the underprivileged Section of the Memon Community by providing Financial Aid for Education, Housing, Medical and other Social activities. The Organization is working with Selfless Dedication for the Welfare and Well-being of the Community. In addition, WMO, India is the Biggest Parental Organization representing the entire Memon Community from India to the International Community and having its Membership exposure across India.

Keeping & considering many activities in all fields especially in our Memon Community, WMO opts for all round development in spheres from Villages to Cities. The procurement of basic needs have become very tedious. Many families are dwelling in cramped houses with Joint Families as they cannot afford to pay exorbitant Rent, their Income is very low and it becomes very difficult for their survival. The conceptualized approach of WMO India Chapter is to help them in all ways to fulfill this indispensable need with safe and viable environment by providing Roof over their heads.

'You' & 'Me' becomes "We" and thus a formation of Organization is possible to uphold each other and spreading a sense of brotherhood in the Community at large.

**Ehsan Haji Amin  
Gadawala**  
--  
**President  
WMO (India)**

Assalam-u-Alaikum,

The unique and selfless trait of helping fellow human beings purifies our heart and provides us with the motivation to undertake social and charitable activities which aim to benefit all sections of the society. It also help us in being united with the **SOLE OBJECTIVE** of helping and reaching out to one and all.

This noble principle of **SERVING MANKIND** has guided us to form the **WORLD MEMON ORGANIZATION** with certain basic thoughts based on the Islamic Principles. It is for this very reason that we have identified the following domains to focus on in the times to come:

·Education - The prime focus will be to provide as much assistance, in the field of education, to the deserving and the needy students in every possible manner so that they become industry ready with the requisite skill sets.

·Health Care and Medicine: Our mission here is to render the best of medical facilities to the deserving and needy sections at an affordable cost .The aim going forward is to create modern medical centers with full fledged facilities so as to benefit all sections of the society.

·Shelter is the most important requisite for any human being. WMO has taken upon the huge task of contributing to the deserving and needy families to find an affordable shelter. The aim of WMO is to partner with like minded people in order to develop mass housing projects and work out affordable and economical homes to the people in need of the same.

·Special Children: WMO will work extensively in the days to come for the betterment of the gifted children. The aim is to develop good infrastructure for their complete all round- mental and physical development.

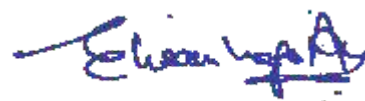

WMO has a well developed Ladies Wing which focuses on issues like distribution of food, clothing and other essential requirements to the deserving. This also gives us a platform to exercise Women empowerment. The ladies wing will also run training sessions for the women and expose them to hands on trainings to acquire the required skill sets so that they become financial independent. This helps the women to work from the comforts of their homes.

WMO has also developed a YOUTH WING which caters to empowering the young minds and mould them to be the future leaders of the community. One of the aims of this wing will be to motivate them to take part in social and charitable activities for the benefit of the society.

For the efficient operation of any Organization, a rigorous Planning and it's effective Management are the key which lead the community towards Development. Our nature of work is result oriented, speedy and transparent.

As we believe, we have to work for the benevolence, betterment and well-being of the Community to please the Exalted, Omnipotent, Omniscient, Almighty ALLAH only.

Unite, Uphold, Uplift - are the dynamic 'WORDS' which are driving WMO and we believe in putting these words into 'ACTION' to benefit one and all.

Ehsan Haji Amin Gadawala  
President

**Haji Shabbir  
Abdul Majid Patca**  
--  
**Secretary General  
WMO (India)**

Assalam-u-Alaikum,

All praise and gratitude is due to the exalted almighty ALLAH, the Creator and Sustainer of all that exists. And may HIS unbound mercy and blessing be upon all of us by the kind Waseela of Prophet MUHAMMED Sallalaho Alaihe Wassalam and His Progeny. Aameen!

The ALMIGHTY ALLAH has created mankind and other living forms with so much diversity, a human mind cannot imagine all across the globe. He has gifted mankind, the most important ability to think. So, with this beautiful gift from our creator, let us think of ways and means of helping our fellow beings and the needy who need help.

HELP does not have any Quantum and the results are also unpredictable, the only thing that is certain is to keep extending help without judging it as big or small. Keeping this noble thought of Serving Mankind, the MEMON COMMUNITY has come forward and formed an organization - WORLD MEMON ORGANIZATION . The sole objective of this platform is to help, heal and be of all assistance wherever possible for the social and economic upliftment of the society at large, completely based on Islamic principles .

We are sincerely thankful to almighty ALLAH Subhanahu Wa Ta'ala that HE has chosen us to do the Noble Job in the Community by way of Educational, Medical, Housing, Women Empowerment, Economic Upliftment etc. and by HIS blessings only shall we be able to prove our Community as Developed and Prosperous. May almighty guide all of us in our true endeavors in the Arena of World Memon Organization (WMO). Aameen!

Wishing you always the BEST.

Assalam-u-Alaikum,

At the very onset, I thank ALMIGHTY ALLAH for bestowing all his blessings which resulted in the various activities , events and programs with a sole motive to SERVE MANKIND.

The last financial year, under the visionary and action oriented, dynamic leadership of the President of World Memon Organization - Mr. Ehsan Haji Amin Gadawala, saw many milestones being achieved. For the same to be achieved in the coming days, we request all our generous donors, supporters and volunteers to continue their support to us in their contribution to World Memon Organization - India Chapter.

I, once again thank all our supporters and well wishers, without whose support and guidance , all the success that WMO has achieved in the previous financial years would have remained unaccomplished.

## SEMINAR "LEGAL EAGLE" OFFICE PREMISES

On the 18th of July 2018, a large gathering of women, assembled at our centre in South Mumbai to receive legal counselling from our learned sister and eminent lawyer - Advocate Huriya Patel.

What do we truly mean when we say we work for women empowerment? A big part of it is spreading awareness of women's rights in our community which is an extremely pertinent topic. We invited Advocate Huriya Patel, who believes that educating underprivileged women on their basic rights is the need of the hour. In these uncertain times, information is the most powerful commodity we can give to them.

In order to create awareness amongst all Sunni/Shia Muslims regarding applicability of Shariat Laws/Muslim Personal Laws in India in matters relating to testamentary and intestate succession, marriage/nikah, dissolution of marriage including types of talaq, khula, mubarat, talaq-e tafweez etc. maintenance, guardianship and adoption, estate and succession planning, gifts/hiba, will/wasiyat, trust/waqf, business contracts, shariah investments etc advocate Huriya Patel will be providing FREE legal advice and counselling to underprivileged women on a bi monthly basis.

In this seminar she talked about how as parents we should focus more on our daughter's education as opposed to her marriage. How we shouldn't spend frivolously on big weddings, instead we should use that sum to secure our daughter's futures. We must educate ourselves and our daughters on their legal rights in case of a divorce, domestic abuse, death etc which we hope never to have to encounter but Allah forbid if circumstances arise they must be able to endure with strength and in full knowledge of their rights.

We're grateful to Adv. Huriya for her generosity and time. As they say, a strong woman stands up for herself, an even stronger woman stands up for others.
